ACTOR-AVIATOR ALMOST FLIES ACROSS THE IRISH CHANNEL

minutes.

LONDON. Sept. 11.—Robert Loraine, the actor, all but accomplished an aeroplane flight across the Irish channel today. Starting from Holyhead, Loraine directed his course to Dublin. Although he had trouble with his engine, he got within two miles of the Irish coast. The breaking of a wire then forced him to descend into the sea. He swam ashore and his machine was picked up by a steamer. The distance across the channel is about fifty-five miles.

AERONAUT HAS THRILLING EXPERIENCE WITH AIRSHIP

TOPEKA, Kan., Sept. 11.—Harry Ginder made a flight in a Strobel airship here tonight and narrowly excaped death. He started at the fair grounds, with the intention of circling the statehouse dome and returning. Shortly after he rose into the air, the rudder on his craft broke and it was whirled round and round, stood at angles near the perpendicular, first on one end then on the other, and finally was landed safely at Ninth and Buchan streets. The drag rope caught in a big tree and the airship settled down into a small tree, within a few feet of the open street. Ginder was not hurt.
